

Lipman Scholarship is established at Pine Crest

Pine Crest School at Boca Raton (formerly Boca Raton Academy) is pleased to announce the establishment of the Lipman Minority Scholarship program for academically talented minority students to attend the school.

Dr. Madelyn and Mr. Kenneth Lipman, who have a daughter attending Pine Crest School at Boca Raton, have established the scholarship program out of a desire to help make the school

more accessible to area minority families. The recipient would receive a full scholarship for the upcoming school year, which would be extended for the number of years the child attends Pine Crest School at Boca Raton.

Approximately 730 students attend classes on the 20-acre campus. The college preparatory curriculum for pre-kindergarten through grade 8 is enriched with extensive fine arts offerings, includ-

ing band and strings programs; athletics, including swimming in an on-campus pool; and numerous enrichment offerings in the new Student Activities Center.

Applications are currently being accepted for the 1991-92 school year. Pine Crest School at Boca Raton is located at 2700 St. Andrews Blvd. For more information, contact Mrs. Joyce R. Robinson, director of admission, at (407) 483-8200.
